Degree Programs

Accounting Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Business Management Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Business Management Bachelor of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Criminal Justice Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Criminal Justice Bachelor of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Early Childhood Education Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Fashion Merchandising Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.

Finance Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Health Care Management Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Human Resources Management Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Industrial Supervision Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Interior Design Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Manufacturing Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Marketing Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Medical Assistant Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.

Paralegal Studies Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Retail Management Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Engineering Technology Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Computer Information Systems Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Construction Technology Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Graphic Design Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program. This program also requires the use of Adobe software. Please check Adobe's computer requirements to ensure that your computer meets the minimum requirements https://helpx.adobe.com/creative-cloud/system-requirements.html
Industrial Electronics and Electrical Maintenance Technology Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.

PC Maintenance Technology Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Veterinary Technician Associate of Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Veterinary Technology Bachelor of Applied Science	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.

Undergraduate Certificate Programs

Accounting Undergraduate Certificate	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Business Management Undergraduate Certificate	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
CDA Credential Preparation (Child Development Associate) Undergraduate Certificate	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this
Human Resources Undergraduate Certificate	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.

Foundation Skills in Technology Undergraduate Certificate	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
General Studies Undergraduate Certificate	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Graphic Design Undergraduate Certificate	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program. This program also requires the use of Adobe software. Please check Adobe's computer requirements to ensure that your computer meets the minimum requirements https://helpx.adobe.com/creative-cloud/system-requirements.html
Veterinary Practice Management Undergraduate Certificate	You will need high-speed internet access to begin your program. In addition, you will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.

Career Diploma Programs

ABC Certified Wedding Planner	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Administrative Assistant	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows® 7 or later, Microsoft® Office 2016, and an email account to complete this program with Penn Foster.
Appliance Repair	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.

Auto Repair Technician	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Basic Electronics	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Bookkeeping	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows® 7 or later or an Apple® Mac® computer running OS X® or later, Microsoft® Office 2016, and an email account to complete this program with Penn Foster.
Carpenter	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Caterer	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Certified Personal Trainer	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Child Care Professional	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Computer Graphic Artist	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows® 7 or later or an Apple® Mac® computer running OS X® or later, Microsoft® Office 2016, and an email account to complete this program with Penn Foster.

Computer Support Technician	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows® 7 or later or an Apple® Mac® computer running OS X® or later, Microsoft® Office 2016, and an email account to complete this program with Penn Foster.
Dental Assistant	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Desktop Publishing and Design	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Diesel Mechanics/Heavy Truck Maintenance	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Dog Obedience Trainer/Instructor	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Drafting with AutoCAD(R)	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows® 7 or later, and an email account to complete this program with Penn Foster.
Dressmaking and Design	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Electronics Technician	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.

Floral Design	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Freelance Writer	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Furniture and Cabinet Maker	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Gunsmith	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Home Inspector	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Home Health Aide	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Home Remodeling and Repair	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Hotel/Restaurant Management	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
HVACR Technician	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.

Interior Decorator	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Jewelry Design and Repair	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Landscaping Technology	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Legal Secretary	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows® 7 or later, Microsoft® Office 2016, and an email account to complete this program with Penn Foster.
Legal Transcriptionist	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows® 7 or later, Microsoft® Office 2016, and an email account to complete this program with Penn Foster.
Locksmith & Home Security Technician	You will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, a digital camera and video recording device (or high resolution camera phone), and an email account to participate in and complete your program.
Medical Administrative Assistant	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows® 7 or later, Microsoft® Office 2016, and an email account to complete this program with Penn Foster.
Medical Assistant	You will need access to a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to participate in and complete your program. Access to Microsoft® Office 365 is a requirement for this program.
Medical Billing and Coding	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows® 7 or later, Microsoft® Office 2016, and an email account to complete this program with Penn Foster.

Medical Transcriptionist	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows® 7 or later, Microsoft® Office 2016, and an email account to complete this program with Penn Foster.
Motorcycle Repair Technician	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Occupational Therapy Aide	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Optician	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows® 7 or later or an Apple® Mac® computer running OS X® or later, Microsoft® Office 2016, and an email
Paralegal	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows® 7 or later or an Apple® Mac® computer running OS X® or later, Microsoft® Office 2016, and an email
PC Maintenance and Repair	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows® 7 or later or an Apple® Mac® computer running OS X® or later, Microsoft® Office 2016, and an email account to complete this program with Penn Foster.
Pharmacy Technician	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Pharmacy Technician Professional	You will need access to a Microsoft® Windows® based computer running Windows 7® or later, an email account, webcam, and microphone to participate in and complete this program.
Physical Therapy Aide	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Plumber	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Private Investigator	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.

Residential Electrician	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Retail Supervisor	You will need access to a Microsoft® Windows® based computer running Windows 7® or later, Microsoft® Office 365, and an email account to participate in and complete your program with Penn Foster.
Security Guard	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Small Business Management	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Small Engine Repair	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Travel and Tourism Specialist	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Veterinary Assistant	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Wildlife/Forestry Conservation	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.

Career Certificates

Accounting Essentials	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Anatomy and Physiology	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
AutoCAD Essentials	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows® 7 or later, Microsoft® Office 2016, and an email account to complete this program with Penn Foster.
Automotive HVAC Essentials	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Automotive Transmissions Essentials	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Business Management Essentials	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Business Security	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Child Development Associate Training	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Child Psychology	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Computer Applications in Accounting - Sage 50	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Computer Programming Languages	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, Microsoft® Office 2016, and an email account to complete this program with Penn Foster.

E-Business Management	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Electronic Medical Records	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
English: Comprehensive Skills in Reading and Writing	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Fitness and Nutrition	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Forensic Computer Examiner	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Gourmet Cooking	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Green Building Practices	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Health Information Management	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows® 7 or later, Microsoft® Office 2016, and an email account to complete this program with Penn Foster.
Human Resources Management Essentials	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
ICD-10 Training for ICD-9 Coders	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Lexis/Nexis: Legal Research	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Medical Terminology	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.

Microsoft Office 2016	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows® 7 or later or an Apple® Mac® computer running OS X® or later, Microsoft® Office 2016, and an email account to complete this program with Penn Foster.
Microsoft Office 2016 (with software)	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
National Electrical Code 2017	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Natural Health Care for Pets	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Paralegal: Real Estate, Wills, and Estates	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Paralegal: Advanced Applications	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Personal Caregiver Skills	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Pet Grooming	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows 7® or later or an Apple® Mac® computer running OS X® or later, and an email account to complete this program with Penn Foster.
Property Management	You will need access to high-speed Internet, a Microsoft® Windows® based computer running Windows® 7 or later or an Apple® Mac® computer running OS X® or later, Microsoft® Office 2016, and an email account to complete this program with Penn Foster.
